Pjila'si! Bienvenue! Fàilte!

Welcome to APPSA 2026!

We are honoured to host you at Cape Breton University, in Unama'ki, part of the territory of the Mi'kmaw nation. Our campus offers a welcoming setting, with surrounding historic, diverse communities. We hope you have a pleasant stay – and we are happy to assist and serve as guides.

Our broad theme for this year is "Healthy Communities, Healthy Governance, and the Public Good." How do we maintain our bearings in unsettling times? How can we build clusters of solidarity and justice? How are teaching and research changing? How do we study – and cultivate – leadership? How are our institutions doing? How are they changing – and how ought they to change? Why are good public policy and good governance particularly hard to achieve at this time?

Our two keynote addresses will be major highlights of APPSA 2026. Our keynote speakers are Atlantic Canadian policy innovators, deep thinkers, and among our region's most eloquent public speakers.

On Friday, October 23 (4:00 PM): We are pleased to welcome Dr. Gaynor Watson-Creed, who will reflect on why public policy and administration so often struggle to align with problems and rise to the moment – and what we can do about it. She will challenge us as educators, researchers, and analysts.

On Saturday, October 24 (3:30 PM): The Honourable Dan Christmas will reflect on his accomplished career in Mi'kmaw and Canadian governance and administration -- with profound lessons for creative reformers and builders.

You won't want to miss our conference receptions and socials – following the Friday keynote on campus and Saturday at 7 p.m. at the Old Triangle. We have also organized early-morning and Saturday lunchtime activities.

Organizing this conference has been a collaborative effort. We extend our sincere gratitude to everyone who assisted: CBU colleagues, campus service providers, Alanna MacQueen and April Powers in CBU Conference Services (for all their professionalism, support and expertise), as well as past conference chairs Mario Levesque (Mount Allison) and George A. MacLean (UNB).

Above all, we are deeply grateful for your participation, your presence, and your collegiality! Wela'lioq! Merci! Tapadh leibh!

Yours sincerely,

APPSA 2026 Conference Steering Committee: Tammy Bernasky, Lee-Anne Broadhead, Jan Hancock, Andrew Molloy, Tom Urbaniak (committee chairperson)

LUNCH in YVONNE LeVERT HOSPITALITY SUITE

Brown bag lunch (included with registration)

Approximately 12:40

APPSA Annual General Meeting will begin in the Yvonne LeVert Hospitality Suite (everyone is welcome). We will briefly review the conference, finances, and other APPSA business. We will discuss plans for APPSA 2027, October 1 to 3, 2027, at Memorial University in St. John's.

APPSA 2026

BRIEFING NOTE TO CHAIRS/DISCUSSANTS

1. Please arrive in the designated meeting room for the session that you are chairing about 10 minutes prior to the start of the session. Please verify that the audio-visual equipment is in working order. There will be technical staff on hand visiting rooms prior to the start of each session. In the event that something is not working, please text Tom Urbaniak at 902-574-4193. Please note that technical staff from Nova Stream will be onsite all weekend to assist us with any technical problems.

2. The order of presentations can be as listed in the program or by mutual consensus, or at the discretion of the Chair. If a paper has multiple authors, the authors may divide their paper's 15 minutes as they see fit.

3. Please endeavour to start the session on time with a brief welcome. Please remind presenters that they have 15 minutes to present – and please provide a warning signal when five minutes remain and when one minute remains.

4. The usual time to give your discussant's remarks is immediately after all the presentations have been delivered – and to give feedback on the presentations in turn: What was original and instructive about this paper/presentation? What do you think of the methods, observations, and conclusions? What future research directions should the presenters consider? Is a wider or additional audience possible here? Who else should be consulted as the presenters develop their ideas or prepare for potential publication?

5. At APPSA, it is very common for authors and presenters to try out new ideas or concepts, or to get collegial feedback on work that is still very much in progress.

6. After you have delivered your remarks, please moderate a plenary conversation – with questions and comments from the floor. Please try to ensure that as many people as possible are heard. It may occasionally be appropriate to let questions or comments sit, to collect more questions or comments from the room, and then to give presenters a chance to react or respond.

7. If there is time at the very end of the session, you may consider offering presenters a chance to respond to feedback received, in a minute or two.

8. For the special panels: Please designate a moderator from among your presenters – or an additional person to serve as moderator. Please ensure everyone is registered for the conference. Panellists can divide their time as they see fit and create a panel format as they see fit. Please ensure ample opportunity for conversation, questions and feedback from attendees in the room.

Thank you for your dedication and service!
